Explanation to the catalogue

This catalogue contains our original **Dansk**  program of:

-  Original style exhausts **Dansk**  ORIGINAL
-  Performance sports exhausts **Dansk**  MOTORSPORT
-  Body parts (metal stamping)
-  State of the art heat exchangers and exhausts 

High performance and original quality exhaust systems with EEC/TÜV approvals and at aftermarket prices!

Our high quality range of sports exhausts produces at your choice of painted deep draw steel or polished stainless steel. Our sports exhausts means great sound and high performance and also great look when adding our wide selection of tail pipes. Our "SOUND" systems are produces as "valve exhausts" enabling you to drive with both original alike sound, and upon using a switch, with a greater sporty sound. All produced in polished stainless steel 304 and with Pierburg quality vacuum valves.

State of the art heat exchanger and exhaust design and finish all made entirely of stainless steel AISI 304/321, meaning long life even in the severest conditions (road salt). Output is increased particularly in the low and the middle RPM ranges.
